Dear Parents and Carers,

### **Data Protection**

With the new regulations coming into place concerning GDPR (Relating to data protection) we are writing to you about how we use your child's data.

In order to work efficiently and effectively and continue business as usual, we need to have permission from our families to use the information we hold in the same way that we always have.

In order to achieve this we will continue to share good news with our school community and detail children's achievements and successes in the Newsletter, on Twitter etc. We will do this by sharing photos, and on occasions sharing first name and surname initials only, as necessary.

When you joined the school, you will have provided us with information that is held within our management system. This information feeds into School Money for parents to continue to make payments and give permission for school activities.

This information is not shared with any other third party apart from those with whom we are required to do so, by the government. Further details are in the school Privacy Notice for parents, that is available on request. If you have concerns about the way we use information, please raise your concerns in writing to the school office.

Yours sincerely,

Mrs Sally Nutman  
Executive Headteacher
