4th January 2021

Dear Year 5 Parents and Carers,

Remote Home Learning

We are writing because our school is closed temporarily to most pupils. For pupils working remotely at home, there is an expectation that their education is continued remotely. We have made clear plans as to what this education will look like and we will need your support to ensure that your child will not fall behind during this time.

The majority of remote learning will be shared via our Google Remote Learning Classroom. This can be accessed on mobile phones, tablets or laptops. St Bernadette's Classroom can be found at the following link:

<https://classroom.google.com/u/1/w/MTU3OTU5MDY1NTgw/t/all>

The Year 5 teachers will be posting a selection of videos and tasks for your child to watch and carry out. This will minimise the amount of "teaching" parents have to do.

We will be providing, where possible:

- A maths video and task (am)
- A literacy video and task (am)
- A foundation subject video and task (e.g. history, PE, French etc) (pm)
- Some early morning English and Mathematics challenges for your child to complete
- Regular feedback on your child's learning

Each day, we expect that pupils will:

- Access their Google Remote Learning Classroom every morning and then again in the afternoon
- Watch the videos and complete the tasks in the exercise books provided
- Upload a photograph of their work onto Google Classroom or complete the worksheet form online
- Complete the work to the best of their ability
- Use the internet safely

As parents and carers, your role will be:

- To provide a space for your child to work
- Ensure they are in a daily routine to complete their work
- Encourage your child to work to the best of their ability
- To provide the correct equipment in order for your child to complete the work given

Your child previously brought home a remote learning exercise book to record their work in. These books must be kept and returned as evidence of their progress, when they return to school. Class teachers will provide feedback on Google Classroom, so will not be marking the work when it is returned. Sometimes, Class Teachers may also post the answers to some questions so that you can mark your child's work with them (in particular Maths).

If we find that pupils are not accessing learning tasks and posting their work on Google Classroom, the school will make a phone call to check to see if we can help in any way to resolve any issues.

Please do not hesitate to message me directly if issues arise. The email address to be used for this purpose is as follows: year5remotelearning@sacredheart.southend.sch.uk

I thank you in advance for your co-operation in making sure our children continue to learn and grow.

Yours sincerely,

J. H. Morris
