Rationale

“A new commandment I give to you, that you love one another: just as I have loved you, you also are to love one another. By this all people will know that you are my disciples, if you have love for one another.”

John 13:34 – 35

We believe that the actions and attitudes of children and adults in a school community should be directed towards providing a safe, happy and caring environment. The school promotes standards of behaviour that reflect Gospel values and positive, loving relationships, in line with the mission of the school. All staff and parents are expected to promote high standards of behaviour by following the Gospel values, and being exemplary role models of positive behaviour, mutual respect and forgiveness towards all others.

Aims

We aim:

- To create an ethos that makes everyone in the school community feel valued and respected.
- To promote good behaviour by creating a happy, caring school environment where everyone feels valued, respected, safe and secure.
- To promote good behaviour by forging sound working relationships with everyone involved with the school.
- To promote self-discipline and proper regard for authority among pupils.
- To prevent all forms of bullying among pupils by encouraging good behaviour and respect for others.
- To maintain consistency in applying behaviour management throughout the school through the application of this policy.
- To ensure compliance with all relevant legislation connected to this policy.

These aims will be best achieved when adults treat children with respect, consideration and consistency, and in return expect respectful co-operation from children. We recognise that pupils' behaviour improves when they feel safer and happier in school. These expectations are generally best met when adults are generous with praise and sparing with correction. It is essential that at no stage should a child feel that he/she is unacceptable, but simply that their actions at that time are at fault. In line with the school's promotion of Gospel values, the overriding points in managing children's behaviour are that of Forgiveness and Reconciliation. We must always start the next day afresh.

SACRED HEART CATHOLIC PRIMARY SCHOOL

Love of God, Love of one another, Love of our world, Love of learning.

The Heart of Sacred Heart

At Sacred Heart School, positive behaviour is encouraged by asking pupils and staff to follow the **Heart of Sacred Heart**. The school community is encouraged to follow these guidelines that are based on our Christian mission statement “Love of God, Love of One Another, Love of Our World and Love of Learning” and also our shared core values of Respect, Responsibility, Faith, Compassion, Achievement and Equality.

<i>The Heart of Sacred Heart</i>
<i>Put my trust in God.</i>
<i>Have faith in myself and others.</i>
<i>Always try to do my best.</i>
<i>Work hard to achieve my targets.</i>
<i>Look after God’s world.</i>
<i>Be responsible for my actions.</i>
<i>Be a proud and enthusiastic member of the Sacred Heart Community.</i>
<i>Make the right choices.</i>
<i>Be a good friend.</i>
<i>Treat others as you want to be treated.</i>
<i>Love one another.</i>

Our principles are that:

- Staff and pupils will follow the **Heart of Sacred Heart**.
- We recognise that we are all able to make mistakes and we can learn from them. Our **faith** in God means that we must enable each other to move forward when we make a wrong choice through reconciliation and a positive approach to behave better in the future.
- We recognise that we are all children of God and therefore we aim to love one another despite our differences. We will treat each other with **respect and compassion**.
- We make others feel valued by what we do and what we say and we will ensure that we do not treat others badly because of their differences and remember that we are all **equal** in God’s eyes.
- We will take **responsibility** for our actions to ensure that everyone can do well.
- We aim to **achieve** and so we ask that everyone applies our policy consistently so everyone is treated fairly.
- We celebrate our **achievements** together.

Going for Gold - Encouraging Positive Behaviour

Pupils and staff evaluate their behaviour against the **Heart of Sacred Heart**. **In Early Years, we introduce the principles of our Going for Gold charts. From Year 1, pupils use the ‘Going for Gold’ chart to reflect upon their learning behaviours.** The expectation is that every child starts the day on an orange card and that this reflects the behaviour we would expect every day. Pupils are rewarded for better than good behaviour by moving up the card system as detailed below. Pupils are given a visual indication of their behaviour in class by the card system.

SACRED HEART CATHOLIC PRIMARY SCHOOL

Love of God, Love of one another, Love of our world, Love of learning.

Yellow	Exceptional behaviour, sustained effort, a selfless act
Green	Engaged in your work, participating in class, showing kindness
Orange	Expected attitudes and behaviour
Red	Being disruptive or disrespectful, not engaging regularly in class
Purple	Ignoring warnings, serious offence

We always want to promote positive behaviours in our pupils. Therefore, pupils and staff work together to enable pupils to move up the coloured card system wherever possible. To enable children to do this, staff use a variety of positive reinforcement strategies to encourage children. Examples of this include:

- The use of verbal praise.
- The use of celebrations such as applauding achievements in class.
- Smiley faces or stickers given by teachers in their books or on their work.
- Reward with house points.
- General classroom rewards from the teacher.
- Praise given by other staff including senior leaders and the headteacher.
- Pupils visit senior leaders to share their good work.
- Mini certificates given for good work.
- Sharing good learning with parents through social media.
- Sharing good work through celebration assemblies and star of the week certificates.

Pupils and staff evaluate pupils' behaviour half termly against the Heart of Sacred Heart. An overall colour is awarded as a reflection of a pupil's behaviour across a half term and at the end of the year so that good behaviour can be rewarded at the end of the academic year. Going for Gold letters are sent home to parents identifying their overall colour for the year. If children are orange or below, staff will set strategies for children to enable them to improve their behaviour at school and obtain Gold.

All adults within school are able to reward or encourage positive behaviour by changing a child's position within the card system.

At Sacred Heart School, we will always start with positive reinforcement and encouragement to ensure children are well behaved at school and make links to the ‘The Heart of Sacred Heart’. Staff consistently use positive reinforcement strategies to engage children and adapt and adjust strategies for children with

SACRED HEART CATHOLIC PRIMARY SCHOOL

Love of God, Love of one another, Love of our world, Love of learning.

additional needs. However, when a child's behaviour becomes more difficult, challenging and/or disruptive, there are sanctions that may be applied. Examples of sanctions may include:

- being moved to a quiet area of the classroom
- removed from class for 'time out'
- work sent home to be completed
- withdrawal of full/part of break or lunchtime (in order to complete work or to carry out a task)
- involve the Assistant Head, Deputy Head or Head Teacher
- exclusion from extra-curricular sessions
- exclusion from participation in school trips
- exclusion from participation in non-essential sports or representative events
- a written task to help reflect on behaviour

These sanctions will be applied promptly, consistently and fairly across the school and not to humiliate or embarrass the child. In line with the school's promotion of Gospel values, the overriding points in managing children's behaviour are that of Forgiveness and Reconciliation.

Behaviour management procedures and strategies

Low-level consistent behaviour/pre-emptive strategies
1. The adults will use positive behaviour management strategies to promote and encourage improved behaviour.
2. The adult will use non-verbal cues or point out good behaviour of others to encourage the child to improve their behaviour.
3. The child may be given a reminder of previous good behaviour to encourage them to make a positive choice, e.g. "You showed fantastic Math skills <i>yesterday</i> , <i>let's</i> see if you can do that again today."
4. Catch the child being good so that positive behaviour is reinforced.

The above strategies are usually effective in improving behaviour for the majority of children. There may be times when further support is required or additional steps need to be taken.
5. If behaviour does not improve, and all previous strategies have been exhausted, then the child will be reminded of the need to improve their behaviour otherwise their card will be moved down.
6. If behaviour continues, and does not improve, then the child will be issued a further reminder again alongside a sanction that will be used if they do not show improvements in their behaviour. "You need to stop distracting others by calling out, if you continue your card will be moved down and you will need to speak to me at break time."
7. The pupil's card will be moved down and a clear reason given why and the use of a sanction to

SACRED HEART CATHOLIC PRIMARY SCHOOL

Love of God, Love of one another, Love of our world, Love of learning.

reinforce the behaviour that needs to be seen and remind them again of the choices that need to be made to improve behaviour moving forward.

8. Repeat these steps again.

On the rare occasion that the above strategies and sanctions are not effective in enabling a child to improve their behaviour and/or behaviours are causing serious disruption or risk to others or themselves, further intervention may be required.

9. If the behaviour has not improved after further positive reinforcement and sanctions then the child's card is moved down further and an explanation is given to why, focusing on the behaviour shown. If the behaviour is causing serious disruption or risk of harm, the child is then taken to a member of SLT. If the child will not leave the classroom, an adult will inform SLT and the child will be collected from class. If there is no additional adult available, a red emergency card will be sent to the office with 2 children and SLT will be informed.

10. After some reflection time away from the classroom, it may be possible for the child to return to class if appropriate. A clear expectation would be given to the child. Once back in the classroom, staff will be looking for moments to re-engage the child to move their card back up the chart swiftly.

Unsafe Behaviour

In the event that a child's behaviour becomes highly disruptive, unsafe and poses risks to people or property, then a member of SLT will be called immediately. The child will be collected from the classroom and accompanied to a supervised space. If the child's behaviour is putting others at risk of harm and are not leaving the space willingly, the teacher may decide to remove the rest of the pupils from the room. The pupil will then be left safely with adults in the original space.

Examples of unsafe behaviour might include:

- Verbal abuse
- Racial abuse
- Physical abuse
- Threatening behaviour
- Inappropriate language
- Defiance
- Damaging school environment or property
- Consistent high level disruption to learning

Behavioural or Additional Needs

We recognise that some children have difficulties in managing their emotions and behaviours and this can be due to a number of factors including that a child may have an additional need. Reasonable adjustments will be made for children with SEND. If a child is displaying a pattern of concerning behaviour that requires

SACRED HEART CATHOLIC PRIMARY SCHOOL

Love of God, Love of one another, Love of our world, Love of learning.

additional support, the Inclusion Team will work to support the child. This may involve a consistent management plan (behavioural plan) appropriate to the child's needs which will be drawn up in consultation with the pupil, parents/carers, class teacher and Inclusion Team. This will consider the possible triggers for this behaviour and strategies to support the child. If appropriate, a risk assessment may also be drawn up at this point. The consistent management plan (behaviour plan) will be reviewed on a regular basis.

Exclusion - Suspension and Expulsion

In exceptional circumstances, it may be necessary to take the rare step of suspending or expelling a child. Suspension is temporary: a pupil is taken out of school for a set length of time. Expulsion (being expelled) is permanent, and a pupil would have to go to a new school. Exclusion is a general term covering both suspension and expulsion. The application of exclusion will be a matter of judgement for the Headteacher in accordance with the school's published suspension and permanent exclusion policy.

A decision to exclude a pupil will only be taken as a last resort and only;

- in response to a serious breach
- where allowing the pupil to remain in school would be detrimental to the wellbeing of themselves or others.

School exclusions will be managed in accordance with Southend City Council Guidance. <https://www.southend.gov.uk/school-attendance/exclusion-school>

Searching, screening and confiscation

A search may be considered if a member of staff has reasonable grounds for suspecting that a pupil is in possession of a prohibited item.

Searching can play a critical role in ensuring that the school is a safe environment for all pupils and staff. The Headteacher and authorised staff have a statutory power to search a pupil or their possessions where they have reasonable grounds to suspect that the pupil may have a prohibited item listed below or any other item that the school rules identify as an item which may be searched for.

The list of prohibited items is:

- knives and weapons;
- alcohol;
- illegal drugs;
- stolen items;

any article that the member of staff reasonably suspects has been, or is likely to be used:

- to commit an offence, or
- to cause personal injury to, or damage to property of; any person (including the pupil);

an article specified in regulations:

- tobacco, vapes and cigarette papers;
- fireworks;
- pornographic images.

SACRED HEART CATHOLIC PRIMARY SCHOOL

Love of God, Love of one another, Love of our world, Love of learning.

At Sacred Heart School, due to safeguarding risks, the following items are also prohibited:

- mobile phones or SMART electronic devices.

Under common law, school staff have the power to search a pupil for any item if the pupil agrees. The member of staff should ensure the pupil understands the reason for the search and how it will be conducted so that their agreement is informed. When exercising a search, the school must consider the age and needs of the child and make reasonable adjustments for pupils with learning difficulties, SEN or if the pupil has a disability. The child will be present unless there is an immediate risk of serious harm.

A member of staff may search a pupil's outer clothing, pockets, possessions, desks or lockers. 'Outer clothing' means any item of clothing that is worn wholly next to the skin or immediately over a garment that is being worn as underwear, as well as hats, shoes, boots or scarves. 'Possessions' means any goods over which the pupil has or appears to have control - this includes desks, lockers and bags.

A strip search, which is where a search involves removing more than outer clothing, can only be performed by the police and not by school staff. Before contacting the police, the school and staff should assess the balance of the risk of a potential search on the pupil's mental and physical wellbeing.

If a pupil is unwilling to be searched, the pupil may be sanctioned in accordance with this policy. If staff feel that a search is needed but not urgent, the pupil will need to be supervised and kept isolated from other pupils. If a pupil still refuses to co-operate, then staff will have to assess if the need for reasonable force is needed and should only be considered for prohibited items that are identified above that are not Sacred Heart specific. This decision should be made on a case by case basis. Staff should consider the risks and if it will prevent pupils harming themselves or others, damaging property or causing disorder.

Parents will be informed if any search for a prohibited item has taken place and the outcome from the search as soon as possible. Parents will be informed of what, if anything has been confiscated and the resulting actions the school will take, including possible sanctions.

Any searches will be recorded on the school's safeguarding system. This should include the date, time and location of the search, which pupil was searched, who conducted the search, and other adults or pupils present, what was being searched for, the reason for searching, what items, were found, what follow up actions were taken.

Authorised staff carrying out the search can confiscate an item that pose a risk to pupils or staff, is prohibited or identified as prohibited by the school or is evidence in relation to the offence. Dependent of the items confiscated, they will be disposed of in the correct manner, given to the police, or handed back to the pupil or parent.

The Use of Reasonable Force

At Sacred Heart School, we are aware that all members of staff have a legal power to use reasonable force to prevent pupils from hurting themselves or others, from damaging property, or from causing disorder in the classroom or around the school. Circumstances may occur which require physical intervention including controlling or restraining pupils.

SACRED HEART CATHOLIC PRIMARY SCHOOL

Love of God, Love of one another, Love of our world, Love of learning.

This will only be used as a last resort and the child's wellbeing will be considered at every point of intervention. Reasonable adjustments will be made for children with SEN. All incidents will be recorded and, where the school deems necessary, parents will be informed.
