How we use pupil information

Sacred Heart Primary is the data controller of the personal information you provide to us. This means the school determines the purposes for which, and the manner for which, any personal data relating to pupils and their families is to be processed. In some cases your data will be outsourced to a third party processor; however, this will only be done with your consent, unless the law requires you to share your data. Where the school outsources data to a third party processor, the same data protection standards that Sacred Heart Primary School upholds are imposed on the processor.

Why we collect and use pupil information

Sacred Heart Primary School holds the legal right to collect and use personal data relating to pupils and their families, and we may also receive information regarding them from their previous school, LA and/or the DfE. We collect and use personal data in order to meet legal requirements and legitimate interests set out in the GDPR and UK law, including those in relation to the following:

- Article 6 and Article 9 of the GDPR
- Education Act 1996
- Regulation 5 of The Education (Information About Individual Pupils) (England) Regulations 2013

In accordance with the above, the personal data of pupils and their families is collected and used for the following reasons:

- to support pupil learning
- to monitor and report on pupil attainment progress
- to provide appropriate pastoral care
- to assess the quality of our services
- to keep children safe (food allergies, or emergency contact details)
- to meet the statutory duties placed upon us for DfE data collections
- to share and promote our practice

How we collect pupil information

We collect pupil information through registration forms and secure file transfers from the local authority or previous school.

Pupil data is essential for the school's operational use. Whilst the majority of pupil information you provide to us is mandatory, some of it is requested on a voluntary basis. In order to comply with the data protection legislation, we will inform you at the point of collection, whether you are required to provide certain pupil information to us or if you have a choice in this.

How we store pupil data

We hold pupil data securely for the set amount of time shown in our data retention schedule – data is only stored for as long as it is necessary to complete the task for which it was originally collected. For more information on our data retention schedule and how we keep your data safe, please read our Data Protection Policy.

Who we share pupil information with

The school is required to share pupils' data with the DfE on a statutory basis. All data is transferred securely and held by DfE under a combination of software and hardware controls, which meet the current [government security policy framework](#).

To find out more about the data collection requirements placed on us by the Department for Education (for example; via the school census) go to <https://www.gov.uk/education/data-collection-and-censuses-for-schools>

The National Pupil Database (NPD) is managed by the DfE and contains information about pupils in schools in England. Sacred Heart Primary School is required by law to provide information about our pupils to the DfE as part of statutory data collections, such as the school census; some of this information is then stored in the NPD.

The DfE may share information about our pupils from the NDP with third parties who promote the education or wellbeing of children in England by:

- Conducting research or analysis.
- Producing statistics.
- Providing information, advice or guidance.

The DfE has robust processes in place to ensure the confidentiality of any data shared from the NDP is maintained.

To find out more about the NPD, go to <https://www.gov.uk/government/publications/national-pupil-database-user-guide-and-supporting-information>
